Section 1 – Introduction

This directory provides a list of Troy Medicare (HMO) and Troy Medicare for Dual-eligible Beneficiaries (DSNP)'s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

This Provider Directory will provide a list of Troy Medicare's network providers. It includes Primary Care Physicians (PCPs), Specialists, Hospitals, and Ancillary providers that are in Troy Medicare's provider network. You will use this document to find a PCP or Specialist to provide health care services.

You will have to choose one of our network providers listed in this directory to be your **P**rimary **C**are **P**rovider (PCP). Generally, you must get your health care services from your PCP.

A PCP is a network physician who is selected by you to provide and coordinate your health care needs. As a member of our plan, you must choose a network PCP. Generally, a PCP is a physician that specializes in General Practice, Family Practice, Internal Medicine or Geriatric Medicine. A PCP may also be a mid-level practitioner, such as physician assistant or nurse practitioner.

Your relationship with your PCP is important because your PCP will be responsible for coordinating your health care and taking care of your routine health care needs. This includes coordinating with specialists that you may need to access for specific treatment or medical conditions. It is important that you select a PCP and maintain a relationship with your selected PCP. Your PCP will be able to assist you with making decisions or obtaining prior authorizations for those health benefits that require prior authorization.

How do you choose your PCP? You must select a PCP during the enrollment process. First, if you see a physician regularly, check and see if that physician is within our network. If the physician is within our network, you can select this physician and continue care with that physician. If the physician is not within our network, or you are not seeing a physician regularly, please use this directory to select a PCP from our network of providers. If you need assistance, please contact our Member Service department.

You may change your PCP for any reason, at any time. Also, it's possible that your PCP might leave our plan's network of providers and you would have to find a new PCP. If you want to change your PCP, you can contact us, and we can assist you with that change. Any requested PCP changes will take effect the first of the month following the requested change, unless there are circumstances that require an immediate change on receipt of request. Each request will be handled based on your situation and your health care needs.

There are certain services that require an authorization. Please review your Evidence of Coverage to see if the service you need requires an authorization. Either the provider or your PCP will submit a request for a prior authorization review to Troy Medicare. Troy Medicare will review the request and tell you their decision. Please review Chapter 9 of your Evidence of Coverage for more details around coverage determinations.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory, however, some services may require an authorization.

What to do if you get a bill?
If you get a bill from a provider, please contact us. We will work with you and the provider to determine who should pay the bill. You are required to see network providers, and if you see an out-of-network provider, you may get a bill and be responsible to pay that provider for the services you receive. Please see your Evidence of Coverage for more detail.

What to do if you need emergency or urgent care?
A **”medical emergency”** is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse. If you have a medical emergency, go to your nearest emergency department for treatment.

“Urgently needed services” are non-emergency, unforeseen medical illnesses, injuries, or conditions that require urgent medical care. For urgent care, you can call your PCP or go to an urgent care center. You should always try to obtain urgently needed services from network providers. However, if providers are temporarily unavailable or inaccessible and it is not reasonable to wait to obtain care from your network provider, please go to the nearest urgent care center available. There are multiple urgent care centers available in your service area.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers, neither Medicare nor Troy Medicare (HMO) and Troy Medicare for Dual-eligible Beneficiaries (D-SNP) will be responsible for the costs

What is the service area for Troy Medicare (HMO) and Troy Medicare for Dual-eligible Beneficiaries (D-SNP)?
The counties in our service area are Anson, Alexander, Bladen, Buncombe, Burke, Caldwell, Catawba, Chatham, Columbus, Cumberland, Durham, Franklin, Granville, Harnett, Haywood, Henderson, Hoke, Iredell, Jackson, Lee, McDowell, Mitchell, Montgomery, Moore, Orange, Person, Polk, Richmond, Robeson, Sampson, Scotland, Swain, Transylvania, Vance, or Yancey.

How do you find Troy Medicare (HMO) and Troy Medicare for Dual-eligible Beneficiaries (DSNP) providers that serve your area?
This Provider Directory will provide a list of Troy Medicare s network providers. It includes Primary Care Physician (PCPs), Specialists, Hospitals, and Ancillary providers that are in Troy Medicare s provider network. You will use this document to find a PCP or Specialist to provide health care services.

Network providers are listed by type of provider in the directory. To find a provider, turn to the table of contents and then look for the type of provider you want and turn to that page to get the provider information. The providers are listed by specialty and in alphabetical order.

If you have questions about Troy Medicare (HMO) and Troy Medicare for Dual eligible Beneficiaries (DSNP) or require assistance in selecting a PCP, please call our Member Service Department at 1-888-494- TROY (8769), Monday through Friday from 8am to 8pm. TTY/TDD users should call 711. You can also visit our website at www.troymedicare.com.
